

REASONS FOR ALLOWANCE

1. Claim 11 is allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in claim(s) 11, wherein the claimed invention comprises a lens array including a first and a second light-shielding layer which are made of different materials and the second light-shielding layer being formed at the holder portion so as to surround the first light-shielding layer, as claimed..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
